

## CEMATRIX CORPORATION

### NEWS RELEASE

#### CEMATRIX Corporation Announces New Contracts

**Calgary, Alberta – December 18, 2017:** CEMATRIX Corporation (TSXV: CVX) (the “**Corporation**” or “**CEMATRIX**”) announces that its wholly owned subsidiary, CEMATRIX (Canada) Inc. (the “**Company**”) has received new contracts/purchase orders for \$1.6 million, bringing this year’s total to \$10.7 million.

“These new contracts/purchase orders are for infrastructure projects across Canada”, stated Jeff Kendrick, CEMATRIX President and CEO, “and in fact, almost 100% of this year’s contracts have been for infrastructure related projects. Each one of the new projects are scheduled to be completed in the first quarter of 2018. This is in addition to the \$1.4 million of projects carried forward into the new year, from the previously announced contracts, bringing the 2018 total contracts to date to \$3.0 million. Although, 2017 oil and gas related sales have declined by almost 100%, which impacted our revenue expectations, infrastructure sales have increased by more than 50%. The revenue downtrend is forecasted to reverse itself in 2018, as contracted and verbally awarded infrastructure projects for 2018 now exceed \$10.4 million, which is 41% ahead of the same time, the previous year.”

CEMATRIX is an Alberta corporation with its head offices in Calgary, Alberta. The Corporation, through its wholly owned subsidiary, is a rapidly growing company that manufactures and supplies technologically advanced cellular concrete products developed from proprietary formulations. This unique cement based material with superior thermal protection, delivers a cost-effective, innovative solution to a broad range of problems facing the infrastructure, industrial (including oil and gas) and commercial markets.
