PRESS RELEASE

CEMATRIX Corporation Announces Strategic New Order.

Calgary, Alberta – September 17, 2007: CEMATRIX Corporation (TSXV: CVX) (the “**Corporation**”) is pleased to announce its wholly-owned subsidiary, CEMATRIX (Canada) Inc., has been awarded a new order to supply Cellular Concrete for the City of Victoria restoration of Vancouver Street and View Street in Victoria, British Columbia. This high profile project is a key step in the implementation of the Company’s efforts to expand into British Columbia and to balance infrastructure projects and oil sands projects.

CEMATRIX is an Alberta corporation with its head offices in Calgary, Alberta. The Corporation, through its wholly owned subsidiary, is a manufacturer and supplier of technologically advanced cellular concrete products with applications in a variety of markets, including oil and gas construction and infrastructure construction. Cellular concrete provides a cost and labour saving solution as a replacement for rigid and other insulating materials in frost-susceptible or permafrost conditions. Cellular concrete is also used in void filling situations and as a replacement for granular fills and weak or unstable soils.
